Fish & Chips.	Delivered from local shop in insulated individual boxes with a knife and fork. A Vegetarian alternative is available at an additional cost.	£5.00

Please note:-

Catering on board can only be arranged through ourselves.

All menus must be ordered in advance and paid for with the final balance for the boat charter.

We are unable to accept less than 10 of one selection within a group order.

If more than one selection is made, the hirer must arrange for the food to be distributed on board.

Food will be delivered to the boat usually before it departs, but some circumstances may demand that hot food is delivered to the boat en route after it has left the Wharf.
